You should choose **three** subjects to study at A Level from different blocks and take the Extended Project Qualification. Particularly able students who wish to take four full A Levels will have their requests considered on an individual basis.

Please consult the entry requirements for each subject before making your choices. These are listed on the school website under Sixth Form > Sixth Form Entry Requirements.

Subjects must be selected from different blocks.

If your preferred combination of subjects does not fit into the blocks, then please complete an acceptable combination that does fit in the boxes above and then give details of your preferred combination here:

Please note: Following our preferred deadline for applications of **Friday 09 February 2024** we will look at whether there is sufficient demand for subject combinations that currently do not fit into the blocks. At this point we will look to see if movements within the blocks are possible or if we are able to introduce additional classes. We will do the best we can to try and ensure we satisfy as many students as possible, but we cannot guarantee that we can make any particular subject combination work. In addition, courses that do not attract sufficient students may not run.

Please explain briefly the reasons for your subject choices:

To support your application, please outline below any hobbies, interests, etc. that you pursue. You should include information regarding achievements gained both in and out of school.

Please outline any activities that you would like to take part in if you gain a place in the Sixth Form.
